Village Accepts Sts. Of Oakwood Knolls; Signs Water Contract

Although Subdivision Part Of Village, Streets Rejected Until Now

Roads of the Oakwood Knolls subdivision on East North Ave. were accepted for the village by the Board of Trustees Tuesday night.

While the subdivision was made a part of the village more than a year ago, the streets were not accepted because the deluge of surface water could not be handled by the catch basins and as the result flooded the area south of the highway.

Through directions given by Engineer David Miller and approved by Engineer D. J. Walters of Wilmette, parkways and banks along certain portions of the street were grassed and sodded so that the runoff of water will be slow and the catch basins can handle it.

The Board of Trustees also contracted with the newly organized Oakwood Knolls Wisconsin Water Cooperative by which the village will sell water to the Wisconsin properties of the subdivision through a single meter. The cooperative will collect the payments and pay the bill quarterly.

An original company that contracted earlier for Wisconsin service following the opening of Unit 1 of the subdivision, was abolished in favor of the new one which will take care of Unit 2 also.

The Oakwood Knolls Co. was represented before the board by Dick Horwitz, son of the subdivider, who said the Antioch Nursery and Antioch Landscape Service had been employed in seeding the lawns and sodding them to prevent erosion.

In other business the board approved Bernard Gutowski as a new member of the Antioch Fire department, and authorized Fire Chief Edgar Simonsen to purchase fire extinguishers for the Scout House.

The fire department will have its (continued on page 5)

Mrs. Mabel Hughes, 63, Buried Monday

Mrs. Mabel Hughes, 63, Deep Lake rd., Antioch, died Friday, Nov. 30, at 6 a. m. at her home. Mrs. Hughes was born July 13, 1893 at Farmington, Ill., moving to Champaign where she made her home for ten years before coming to Antioch forty-five years ago. She was united in marriage with Alexander E. Hughes, Dec. 26, 1911. She was a member of Millburn Congregational church and the Ladies' organization of that church.

Survivors re her husband, Alex, six daughters, Mrs. Ruth Wilton, Lake Villa, Mrs. Margaret Landman, Pontiac, Mich., Mrs. Jean Walker, Detroit, Mich., Mrs. Phyllis Erickson, Antioch; Mrs. Poan Stewart, Antioch, and Miss Julia Hughes of Chicago, one son, Robert, and sixteen grandchildren; also two sisters, Mrs. Ruby Zink of Champaign and Mrs. Muriel Holmes of Urbana.

Funeral services were held at 10 a. m. Monday at the Strang funeral home. The Rev. L. H. Messersmith of the Millburn Congregational church officiated. Interment was in Home Oak cemetery.

Salem Nips St. Marys Of Burlington 77-43

Salem Central bounced back last Friday night and won from St. Mary's of Burlington 77 to 43.

Discovering in the game the week before with Wilmet that a game isn't won until the final whistle blows, the Falcons took no chances this time and after outscoring their opponents 41 to 21 a half time, they continued their aggressive tactics in the last half and again outscored the visitors 36 to 22.

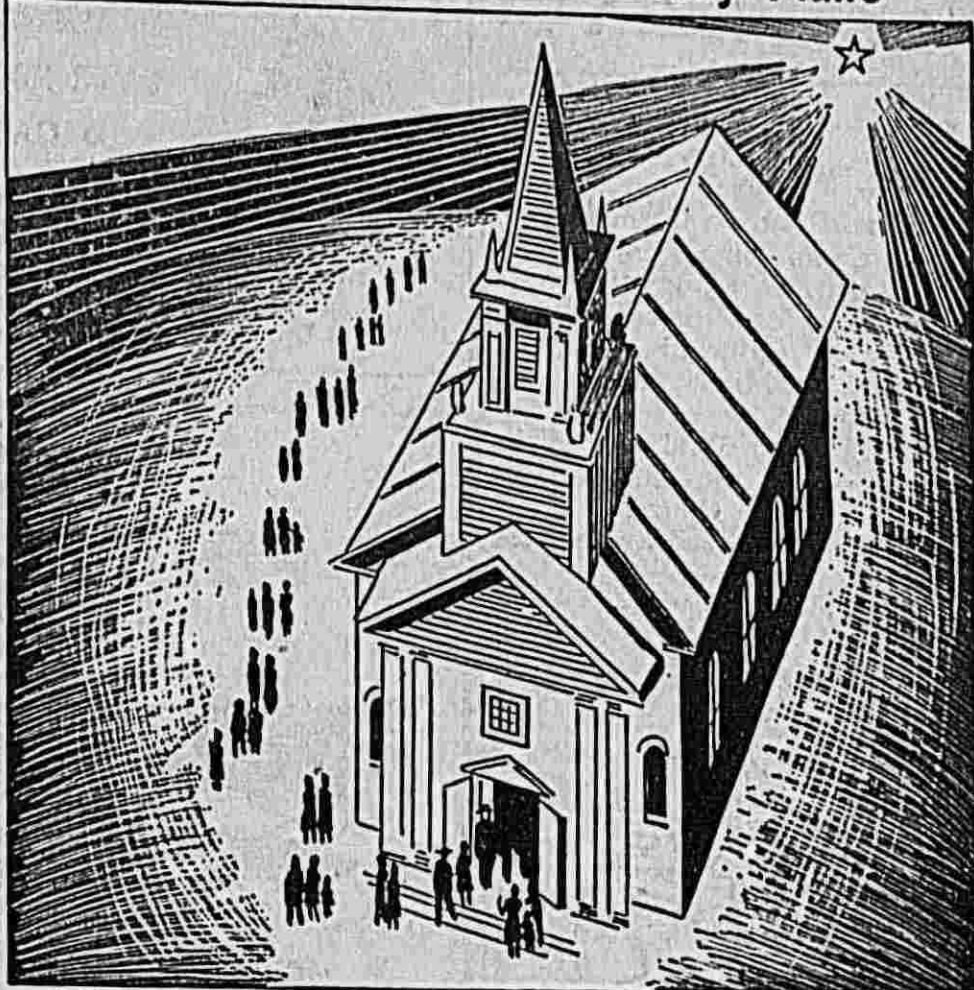

The Falcons never scored under 18 points in any quarter, while holding St. Mary's to 13 points a period.

Vince Getka, Falcon forward, was high point man, scoring 10 field goals and eight fouls. He was within three points of the school scoring record of 31 points set by Warren Reck three years ago.

Santa Coming to Trevor

Santa Claus will arrive by train in Trevor, Wis., at 7:30 p. m. Sunday, Dec. 16 and will go directly to the fire station where he will greet boys and girls of grade school age and give them gifts. Mothers and fathers are asked to accompany them and take part in the Christmas caroling. The event is sponsored by the Trevor Volunteer Fire Department and auxiliary.

High School Board Committee Meets Tonight To Discuss Phys-Ed. Plot With Architects

Four Men Rescued From Petite Waters After Ice Gives Way

Rescue Squad Saves Fishermen and Local Men Who Tried to Rescue Them

Two Petite lake residents went to the rescue of two fishermen who broke through the ice 100 yards from shore on the north side of the lake, also fell in and all four were rescued by the Antioch Rescue squad Tuesday afternoon.

Lawrence Brummel of 6316 E. North ave., Naperville, and brother, Bernard were quite unaware of the fast melting ice as they fished on Petite lake and soon found themselves in the water.

Their cries attracted the attention of William Westgaard and Mel Richard who attempted to reach them by sliding a plank and a ladder over the thin ice. They too, broke through.

The rescue squad was called at 3:10 p. m. with Police Chief Walter I. Scott, Capt. Herman Holbek, the Rev. Edmond Hood, Everett Offedahl, and Ernest Westlund reporting.

They used boats which at times slid on the ice and at other times broke through in reaching the men who had been in the water nearly a half hour.

Also helping in the rescue work were a deputy sheriff and Charles Kempf who were using a boat when the squad arrived.

The water was over the heads of the men who broke through. The ice broke in their hands as rapidly as they tried to pull themselves up from the water. Ropes were thrown to them and they managed to loop them about their shoulders for support until they were lifted into the boat.

The ice was about 1 inch thick and was not solid owing to warm weather and the warm current flowing through the Petite-Fox lake channel which never freezes solidly.

Although it was advertised last weekend that the ice was solid enough on the Chain of Lakes for ice fishing, the unexpected warm weather soon melted it, and local fishermen knowing this, made no attempt to do any ice fishing. It was the strangers who became victims of the situation.

Dinner, Entertainment Mark Year's End of Chamber of Commerce

One hundred and fifteen members of the Chamber of Commerce and their guests marked the end of a successful year with a dinner Saturday evening at El Rancho Pasadena north of the village.

Retiring president Joseph Patrovsky cited accomplishments and thanked the members and officers for their help. Incoming President O. I. Onstad pictured the course for the chamber during 1957 and introduced the other officers. John Skalak announced the prize winners of the floats in the holiday parade.

During the dinner music was furnished by Art Smekal's orchestra which also played for dancing. Joan Burton, Antioch High School student, entertained the crowd with two pantomime numbers and William Dow gave a monologue impersonating a Tennessee hillbilly.

The Antioch High School Board of Education is continuing its plans to develop the 22 acres of property that is located east of the Soo Line tracks.

The board committee that is discussing the development of the land for physical education and recreational purposes is composed of Lester Hamlin, chairman, Lake Villa; Harold Wilson, Rte. 173; Ruth Seyfarth, Antioch; and Roman Vos, Antioch.

Hamlin has scheduled a meeting for this (Thursday) evening to discuss plans with several architects. Costs will be determined and an architect will be recommended to the board as a whole to do the architectural drawings and layout.

A topographical survey has been completed and the committee is waiting for information from the Soo Railroad regarding the construction of an underpass under the tracks. Plans are to develop a new football field on part of the land.

Lake Villa Applies For Federal Grant For Sewage Disposal

Lake Villa's problems in connection with sewage disposal seem to be near solution, if application being made for federal money is approved.

Long a knotty problem in Lake Villa, the village has passed two referendums in past years, totaling \$119,000. Neither of these has proved to be sufficient to provide an adequate system, and nothing has been done.

If the application for federal aid is approved, Lake Villa will receive up to 30% of the cost of the proposed plant, and this along with the funds already voted, will be sufficient to build a lift station and a disposal plant. Estimated cost of the new installation is \$250,000.

Village Attorney Bernard J. Juron will fill out and forward the necessary forms to Washington to be passed upon.

An Alert Woman Warns Of Leaking Gas Tank

The Trevor, Wis., Fire department was called to Shangri-la Wednesday afternoon by Mrs. Edward Shaw who discovered that a propane gas tank at a nearby residence was leaking and feared an explosion such as that which occurred at Herin, Ill., recently.

Mrs. Shaw smelled gas and could see the tank across the street frosting from the leaking gas. The firemen notified the company which services the gas and the tank was turned off. Owners of the property reside in Chicago, and were not present.

Marquette Football Coach Speaker Wed. At Wilmot Banquet

Johnnie Druze, head football coach at Marquette University, Milwaukee, Wis., was the principal speaker at the Annual Athletic Banquet at Union Free High school, Wilmot, Wisconsin, Wednesday evening. Druze gave a very interesting and inspiring talk.

Chester Knight, a member of the Wilmot faculty, acted as toastmaster, and Coach Frank Buccini presented athletic awards and letters to the athletics.

Palatine Here Friday, Antioch Nips Bulldogs, Loses to Dundee 53-41

Change in Lineup Tomorrow Sees Behrens at Guard Position

Basketball Coach Larry Leon will use Richard Behrens, a sophomore, at guard in the starting lineup tomorrow evening here against Palatine in an effort to get more scoring punch.

Four upperclassmen have failed to produce the necessary power as was shown last week when the Sequoits barely were able to defeat the Wauconda Bulldogs there Friday night, 64 to 61, and lost to Dundee here Saturday night by the close score of 53 to 51.

Behrens has been playing good ball on the sophomore team and is considered a good play maker. Others in the lineup will be Christiansen at guard, Herbst at center, Huml and Hanke at forward.

Palatine has played but one conference game, winning from Fenton 65 to 57, but losing to Arlington Heights and Barrington. The Pirates are a team that played as sophomores last year and are stronger as juniors this year. Antioch has won its only conference game and won one of three non-conference matches.

Other conference undefeated teams playing tomorrow night will be Elmhurst and Grant who meet at Ingleside.

In the Antioch-Wauconda game Friday, the Bulldogs, sparked by the deadly shooting of Denny Freund, led at the half 38 to 30, but the Sequoits came back strong and (continued on page 8)

150 Will Participate In Gift Concert at Antioch High School

More than 150 young musicians from Antioch High School will present the school's Christmas gift to the community—the annual Christmas concert. The concert will be held at 3 p. m. Sunday in the high school auditorium.

Following the concert a reception will be held in the boys' gymnasium. The public is invited to both the concert and the reception. All of the afternoon's activities are free to the public; in a real sense a "gift" to the community.

Opening the program will be the concert band presenting Christmas selections. Mr. Smouse, vocal director will lead in community carol singing. Then the choir will present the sacred portion of the concert, climaxing in the great "Hallelujah Chorus" from the "Messiah" by Handel. Concluding the program will be special numbers, "Twas the Night Before Christmas" and the grand entrance of Santa Claus. Mr. Claus has promised to bring candy canes for the kiddies and Christmas cheer to all.

This year a number of adults from the community are singing with the choruses on the "Hallelujah Chorus." Mr. Smouse announces a special rehearsal for this at 2:30 Saturday.

Gilmore Child Funeral Monday at Park Ridge

Funeral services were held Monday at the Ryan Park Funeral home, Park Ridge for Stacy Gilmore, 24, son of Mr. and Mrs. Leslie Gilmore of Oak and Highland sts., Petite Lake, who died in St. Theresa hospital, Waukegan, Saturday.

The child was rushed to the hospital Friday after it was stricken with pneumonia.

Besides the parents Stacy is survived by two brothers, Leslie, Jr., and Mark; two sisters, Candice and Madeline; his paternal grandparents, Mr. and Mrs. Frank Gilmore of Park Ridge, and his maternal grandfather, Joseph Spoda, Berwyn. The Rev. Paul Mehl of St. Andrew's Lutheran church officiated. Interment was in Memorial Park cemetery.

The Gilmores recently purchased a home at Petite lake, moving there from Park Ridge. Mr. Gilmore is associated with the Des Plaines News.

Entertain Tourney Coaches

Grant High school was host Monday at a dinner at which athletic directors and basketball coaches of schools to participate in the Grant Invitational tournament during the holiday were guests. Schools invited are Antioch, Glenbrook, Wauconda, Lake Forest, McHenry, Warren, and North Chicago. Grant will be the eighth team.

Unprecedented Crowd Sees Christmas Parade; Santa Claus Swamped By Boys and Girls, Calls For Helper; Moving Santa Float Gets 1st Prize

Fire Badly Damages Joseph Walsh Home

Fire that started from a salamander used to dry out a new basement floor, did \$3,500 damage to the residence of Joseph Walsh, Chicago, in Shannon's subdivision on the west shore of Channel lake last Thursday.

Leo Keisler who was on the opposite side of the lake, saw smoke pouring from the building and presuming the Antioch fire department had been notified, hurried to the scene. He found no one there and then sent in the alarm.

The Walsh family was in the process of remodeling and improving the summer residence in making it their year-round home. They still plan to do so.

The firemen confined the blaze to a hole in the floor, but the smoke and heat did a lot more damage, according to Fire Chief Edgar Simonsen.

New Board-Teacher Welfare Committee To Discuss Salaries

A Board-Teacher Welfare committee has been established at the local high school for the purpose of evaluating the salary program for 1957-58. The committee is composed of Ruth Seyfarth, chairman, Louis Biel, Roman Vos, Nancy Denby, Donald Chiappetta, Warren Polley, and Principal Albert Dittman.

The teacher members of the committee were elected by the newly organized Classroom Teachers Association. The officers of the association are Louis Chenette, president; Ward Lear, vice-president; Esther Slavin, secretary-treasurer.

Antioch Scouts Nips Cary, Ill. Team 76-73 In Overtime Contest

(By Nick Ryan)

In their first game of the season the Antioch Scouts scored a thrilling 76-73 victory over a rugged Cary team at Cary, Ill. The Scouts have had to rebuild after the loss of Ben Floyd and Warren Brownlee, who have entered the Marine Corps recently.

After trailing 21-16 at the close of the first quarter the Scouts pulled into a 34-33 edge at halftime. In the third period the Scouts stretched their lead to eight points with a 60-52 score. Then, late in the final quarter, the Cary team started to score with marked precision and held a 2-point lead in the last minute, 71-69. After being fouled, Al Reckers scored 2 free throws to tie the score and send the game into overtime.

Bob Weber scored the first basket of the extra period to put the Scouts ahead 73-71. Jack Palmer was fouled and injured on the same play but managed to make one free throw to give the Scouts a 74-71 edge. Cary scored a basket to end their scoring. Al Reckers scored two free throws at the end of the period to finish the game, 76-73.

The Scouts were led in scoring by Bill Baird and Al Reckers with 20 and 18 points respectively. Frank Balistrini and Jerry Quilty did some fine playmaking. Quilty, Baird, Larry Lass, and Palmer all did well on rebounding. Bob Weber scored some clutch baskets for the team. The team worked well and should provide interesting basketball for (Continued on Page 8)

Lake Villa Assessment Roll is Published

The assessment roll of the Town of Lake Villa, as filed by the assessor, appears on pages 14 and 16. Every resident of the Town of Lake Villa, which includes the Village of Lake Villa should make it a point to check up on the amount of his assessment.

Any property owner who objects to the amount of his valuation should file a formal complaint with the Board of Review within 10 days from the date of publication of this assessment roll.

Christmas Buying Rush Causes some Merchants To Jump Opening Gun

A crowd unprecedented in size saw what was considered by many as Antioch's finest pre-Christmas parade Saturday forenoon.

The event which saw the arrival of Santa Claus touched off what is expected to be this community's most interesting holidays.

The Christmas spirit caught on rapidly and the big task will be to convince the children over the many days to come that Santa Claus will be here eventually.

Some merchants say they will not wait until Dec. 15 the official time for opening at night but will start opening at night starting Saturday to compete with other cities and villages.

During the parade Saturday the streets were lined several deep with both adults and children. The parade moved from Rte. 59 and Rte. 173 east on Lake st. to Main and north on Main to Orchard where it turned west to Broadway. Santa was welcomed in front of the Rescue Squad headquarters by Merry Christmas, and then he took his place in the building and spent the rest of the daylight hours hearing requests from the children and giving them candy canes.

Santa Claus looked much like William Ernst. So long was the line that Santa's helper identified as John Christianson was placed at the Ford salesroom where he greeted the children. The Lakes Theatre gave free shows to the children.

The float, a moving Santa Claus, provided by the Jo-Pat Market and (continued on page 5)

W. C. Bernitzen, 67, Dies Suddenly, Sun.

Walter Christ Bernitzen, 67, Rock Lake subdivision, Trevor, Wis., died suddenly Sunday at 11:40 at his home. He was born July 11, 1889 in Chicago. He moved to Riverside in 1921 and came to Trevor nine years ago. He was a retired restaurant proprietor.

Survivors are his wife, Dora, and a son, Walter Clifford of Palatine, a sister, Mrs. Edith Bolton of San Antonio, Texas, and a brother Raymond, Dixon, Ill., and three grandchildren.

He was preceded in death by a son, Robert, May 7, 1942.

The body rested at the Strang funeral home until Monday when it was taken to the Ivins funeral home, at East Burlington Road, Riverside, where funeral services were held at 1:30 Wednesday. Interment was in Oak Ridge cemetery, Hillside, Illinois.

Scott Praised For Efficient Work In Finding Stolen Car

The work of Police Chief Walter I. Scott in finding the stolen car which aided in finding the thief who shot, Patrolman Mickey Ross of the Fox Lake force in that village last week, drew the praise of State's Atty. Robert C. Nelson who sent a copy of the letter to the village board where it was read by President James McMillen.

The letter said in part: "On behalf of Stanley M. Christian, State's Attorney-elect Thomas J. Moran and myself, I wish to express my sincere appreciation to you (Scott) for your very efficient work in connection with the recent shooting of Officer Roy Mickey Ross of Fox Lake. The fact that you were alert to the radio broadcasts and the fact that you were observant even to the extent of going beyond the village corporation limits, and even the State of Illinois resulted in the recovery of the stolen car which was used in the commission of this very serious crime against a peace officer."

"Your conduct reflects upon all law enforcement agencies, and you certainly reflect credit upon the municipality which is fortunate enough to have your services. "I express personal thanks for the cooperation you have afforded me during my tenure of office as State's Attorney and I'm sure that the same cooperation will be extended to State's Attorney Moran in the future."

Robert C. Nelson.

Open on Two Wednesdays. The Antioch post office will be open on Wednesdays, Dec. 12 and 19 for the convenience of the public, but will be closed again on Wednesdays beginning Dec. 26.

SHARP EYE NEEDED

Lieut. General Leslie R. Groves, who headed the war-time Manhattan Project that produced the A-bomb and who has been intimately associated with atomic development ever since, recently had something important and authoritative to say about the atoms for peace program.

He reviewed what is being done in this and other countries to produce electric power with atomic fuel. He said that the Atomic Energy Commission is maintaining our leadership. Then he advised that we "... keep a sharp eye on those domestic politicians who bend their efforts toward keeping private industry out of the atomic field."

He said that maximum progress will come from encouraging private enterprise to do as much of the development job as possible, and added: "... Certainly a big government reconstruction program such as proposed in the last Congress ... would inevitably put atomic development in the middle of the age-old public-private power fight. This ... would be a backward move which might well lead to disaster."

It can be added that some of those who are urging the government program have long been associated with the campaign to put government ever deeper into the power business, on a tax-free, tax-subsidized, monopolistic basis, regardless of whether the power is to be produced by water, atomic energy, oil, or coal. General Groves was dead right when he said that if they succeed in their current effort, disaster can be expected.

* * *

LET THE USERS PAY

Some progress has been made in either reducing or eliminating government competition with private business—a form of competition which is not only manifestly unfair to the enterprises concerned, but which adds up to a tremendous drain on the taxpayers in general. But we still have a long way to go.

This competition exists in many fields, and in some cases, it is probable, the people at large don't yet have a good picture of what is going on.

The government's parcel post system is an example. During most of its history it has operated at a taxpayer-borne deficit—even though the original act authorizing its creation provided that it should pay its own way. Since 1926, one reliable estimate says, the deficits have totaled \$1.2 billion. And indirect costs not included in post office accounts are estimated to be in excess of \$43 million a year.

This led the Hoover Commission, in its report to Business Enterprises, to note that the "... failure

of parcel post rates to cover the full cost of service constitutes a subsidy to the users of parcel post." It then recommended that if current rates do not cover all costs of the service, including indirect costs, these rates should be raised.

There should be no opposition to this. All that is proposed is that the people who use and benefit from the service should pay for what they get.

* * *

THERE'S A SHAREOWNER IN RUSSIA!

Some time ago a monthly investment plan, called MIP, was started for small investors. Under it, a man can invest as little as \$40 a quarter in stocks of his choice. If, for any reason, he abandons his plan, he doesn't lose—he gets whatever stocks he has paid for.

The plan has been a success and recently the millionth share was sold under it. By what Fortune terms a "remarkably happy coincidence," the purchaser turned out to be a resident of Russia!

This is not as wildly incongruous as it seems. The buyer in question is an American woman who is a member of the staff of our embassy in Moscow. To celebrate the event she was flown to the New York Stock Exchange, whose president told her: "If you were a Russian citizen—well, there is no stock exchange in Moscow."

There hasn't been a stock exchange in Moscow since communism was established, and there won't be so long as communism is in power. This, in itself vividly illustrates the difference between that kind of government and economy as compared with our kind. Under communism the government owns or controls everything, issues all the orders and makes all the decisions. Under capitalism, people are free to do what they think best within the framework of reasonable laws—including the freedom to put their savings, if they so choose, in enterprises in which they have faith.

* * *

SHOP EARLY

Each year about this time merchants begin to advise us to "Buy early—and avoid the Christmas rush." That is always good advice. And this year, it would seem, it is better than ever. For, according to the Chamber of Commerce of the United States, Christmas sales, auto sales excluded, will total more than seven per cent above those of the 1955 season, for a new all-time record. The dollar total for November and December is forecast at \$31.1 billion. The Chamber also observed that the 1956 retail boom is healthier than last year's, reflecting a more normal expansion in population and personal income.

This season the millions of people who flock through America's retail stores, in search of either holiday gifts or the routine things we buy at all seasons, will be offered an almost bewildering assortment of wares from which to choose. They will see the best and most attractive standards of display, sanitation, advertising and promotion. They will, with few exceptions, be met by friendly, courteous and helpful sales people. They will—unless their wants are unusual indeed—find exactly what they are looking for. And they would do well to consider what has made all this abundance possible. The most important force in that has been the competitive, free enterprise system, in which no one has a monopoly on anything, and in which the rewards go to those who please the public most, and who offer the best value for the dollar.

Tax Facts

The three basic steps involved in the general approach to making a tax levy are: 1—developing the budget; 2—making the appropriation; and 3—levying the tax.

A budget, needed by every district in order that it may function in a businesslike manner, is the annual estimate showing the amounts of money required to run the district for the ensuing year. The budget maker usually seeks out the maximum amount needed for any item because of the uncertainties involved in estimations. Yet he should not lose sight of economy.

Next, the average district makes an appropriation. This is the district's official budget set forth in the form of an ordinance. Some districts can combine these first two steps by passing a combination budget and appropriation ordinance. Although a time is usually provided for the public to attend a meeting and comment on the budget or appropriation, the public too often neglects this opportunity.

The final step is the levy itself. This is the statement fixing the tax upon all the tax-payers of the district. In many types of districts, the statute requires that the levy set forth the amounts appropriated as well as the amounts levied. This so that the taxpayer may know not only what the purposes of the appropriations are, but also which of the purposes are to be paid from the money to be raised by levy. Often some of the items appropriated are paid for out of monies from sources other than the tax levy itself.

Time limits involved in appropriation and levy ordinances are very important. A statute may require action to be taken on a certain

specified day—such as the first Tuesday in September—or the statute may require action at an annual meeting. These times vary with the different types of districts. However, it is essential that action be taken at the proper time.

Once the levy is made, it must be certified to the County Clerk who

has the job of extending the tax. In order to assure accuracy of the facts shown in the levy, the law requires some official from each district to certify its levy to the County Clerk. In effect, the certification quotes the district's certifier as to the accuracy of the facts set forth in the copy of the levy.

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

Last week we devoted this space to giving a few simple tips on how to get more pleasure out of driving. This week we have a few more suggestions on the same subject. The secret to deriving more pleasure from driving is, of course, getting to the desired destination with the least amount of worry and trouble.

One way to minimize trouble is to be prepared for a turn. Some motorists day dream their way up to an intersection in the center of the road and then suddenly remember they have to make a right turn. Just as bad is the motorist who hugs the right hand lane and then, at the last moment, remembers he wants to make a left hand turn. Trouble awaits these motorists.

A lot of worry can be excluded from the mind of a motorist if he will take the proper precautions before passing another vehicle. The driver should make sure there is plenty of space ahead of his vehicle before he begins to pass. A motorist should NEVER attempt to pass another vehicle on a hill or curve.

More pleasure can be had while driving at night if the motorist keeps to the right, avoids looking into approaching headlights and watches his side of the road.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

A truly thoughtful Christmas gift...

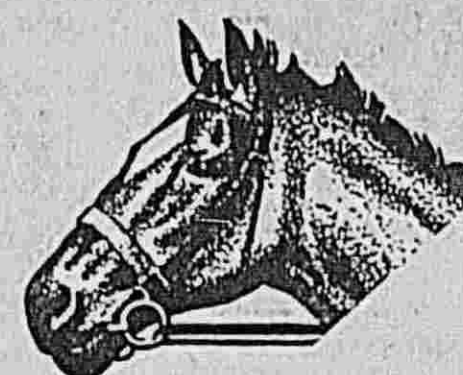

New Settings for Her Diamond Rings

You can choose a gift she'll always treasure by putting her diamonds in any one of our dozens of striking new mountings. A complete range of prices. Prompt, guaranteed service.

Dear Friends:

Friendly relations can be strengthened by an occasional get-together, especially during the Holiday Season. A holiday party brings you closer to each individual in your group, in friendship and understanding. Many of us think about getting a party together, but few of us do anything about it because there is a great deal of work to planning a party—one you can be sure will be successful.

We will take pride in doing this job for you with our guarantee that your party will receive our special attention and be conducted in a pleasant atmosphere, run smoothly, and that the service here at Smart's will please every member of your group. Facilities are the utmost for banquets, business gatherings, etc., and you can be assured the prices are always reasonable.

We will appreciate the opportunity to make our services and facilities available to you... Let us hear from you soon so that we can work out the details of YOUR party.

Sincerely yours, for a pleasant Holiday Season.

SMART'S COUNTRY HOUSE

It's a Whiz at Everything a car should do

It turns out that the 1957 Buick is far more than just a brand-new automobile.

It turns out that this stunningly low-styled beauty is a wonderful new whiz at everything a car should do.

It turns out that this new '57 Buick is winning the raves with a new kind of going and a new kind of stopping—a new kind of handling and a new kind of road sureness—a new kind of safety and a new kind of comfort.

We'll be specific.

When you press the pedal of a new '57 Buick, the response is literally instant...

Because the high-torque power of a new 364-cubic-inch V8 engine is delivered in the split of a second through a new full-range Variable Pitch Dynaflo* that's immediate in its oil-smooth action.

When you brake to a stop, you and the car stay on a level plane...

Because an ingenious new ball-joint suspension in every '57 Buick virtually ends the down-in-front dip that cars have on sudden stops.

When you take a turn or swing into an "S" curve, you still hug the road like a streamliner on rails—

Because under you is a massive wide-frame new chassis that "nests" the whole car inches closer to the road with the lowest center of gravity in Buick history—yet with no change in road clearance.

And when you sit in the deep comfort of those soft wide seats, you can drive with the pleasant ease of a clear conscience, without watching the speedometer...

Because only in Buick today can you

have an ingenious new Safety-Minder* that acts as a warning sentinel for the miles-per-hour you preset for yourself.

There are many other new things that make this gorgeous Buick a car of limitless wonders—from the bigger and more rakish windshield that makes seeing more relieving, to the extra roominess that's so surprising in this beauty with the sports-car lowness.

But there's nothing like a firsthand sampling to know how modern the newest thing on wheels really is. Come in today for your meeting with the newest Buick yet.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Minder standard on Roadmaster, optional other Series.

SOCIETY EVENTS

Clafford Readings Before Woman's Club Have Christmas Theme

Patricia Clafford reviewed Edward Streeter's "Merry Christmas, Mr. Baxter" before the Antioch Woman's club on Monday afternoon in which she related how Mr. Baxter's "Christmas Under Control" slogan went by the wayside as the holiday approached and he became the biggest spendthrift in his family.

Her program continued as she gave a monologue, "Miracle for Sue" which told of a woman who had no love for children. Just before Christmas she happened upon a crippled orphan boy who won her heart and she decided to adopt him.

Mrs. Clafford closed the program by reading one of her verses which will appear on Ideal Christmas cards this year.

While in Antioch, the well known speaker from Chicago stayed with her friend, Mrs. Earl Hays.

The afternoon's program was opened by Justine Scharrer, Diane Freese, Kathy Serphon and Lynne Gray, high school students, who sang Christmas songs and led the club in carols. They were accompanied by Lynn Bolton at the piano.

Corsages were presented to Mrs. Ralph Gressens and Mrs. Clarence Kientz who were welcomed as new club members.

A Lake County Federation Christmas meeting was announced for 1:30 p. m. Tuesday, Dec. 11 at the Maplewood School at Deerfield.

It was voted to make a gift of \$25 to the Girl Scouts which the club sponsors. Mrs. Morris Pickus announced that she and Mrs. A. N. Stanich would head the local cancer drive next spring as part of their club work.

Refreshments were served by Mrs. Frederick Washburn and her committee.

LOCAL RESIDENT VISITS MOOSE "CHILD CITY"

Mrs. Maud L. Johnson, Rte. 3, Antioch, recently spent an entire day visiting the Moose Child City, Mooseheart, and saw first hand the marvelous work that fraternity is engaged in, helping to care for and educate boys and girls who have lost one or both parents.

Every year hundreds of thousands of vacationers visit this unusual community and Mrs. Johnson echoed the sentiments of all of these that "here is Brotherhood in action" as they toured the beautiful campus, very much like any other suburban village or community.

Of primary interest, she said, was the beautiful omnidirectional House of God, with its Catholic and Protestant chapels, and the world-famous Baby Village. Of course the Child City's stores, postoffice, theater, school buildings, fire department, bank and farm was also minutely inspected.

The visitors were especially impressed with the many individual dwellings of the child residents of Mooseheart. There are no dormitories or central dining halls. A mere handful of children live in each of these homes, with their own bedrooms, dining room, kitchen and living rooms. A housemother, a cook and in some instances, a housefather, reside in these individual residences.

As in the case with all visitors to Mooseheart, Mrs. Johnson was given a personally conducted tour by a child resident.

MRS. ROBERT BERG CHOSEN PRES. OF ALTAR AND ROSARY SOCIETY

Mrs. Robert Berg was again chosen as president of St. Peter's Altar and Rosary Society at a meeting held Monday evening at St. Peter's school hall. Other officers elected were: Mrs. Joseph De Stefano, vice president; Mrs. Robert Gross, secretary; and Mrs. Charles Solar, treasurer. Following the business meeting a Christmas grab bag was enjoyed by the fifty members present. Refreshments were served by Mrs. Rudy Eckert and her committee.

College Night at Palatine
Seniors of Antioch Township High school and their parents have been invited to a College Night conference this evening at Palatine. Representatives of 60 schools will be present to explain their institutions, and what they have to offer. Teacher colleges, and nursing schools will not be represented. This will be the only College Night meeting in the Northwest Conference.

Christmas Decoration Prizes
First, second, and third prizes with three honorable mentions will be awarded by the Loyal Order of Moose and the Women of the Moose again this year in the Christmas decoration contest. Persons living in Antioch Township may compete. Those living outside Antioch must notify Mrs. Richard Eckert, Rte. 3, Antioch, giving location of place to be judged before Dec. 20.

Engagement Announced

Miss Ruth Eleanor Kufalk

Mr. and Mrs. Elmer W. Kufalk announce the engagement of their daughter Ruth Eleanor to Ens. Charles Stewart Guthrie, son of Mr. and Mrs. Richard Guthrie, of Ithaca, New York. The wedding date is set for December 29, 1956.

Christmas Cantata On December 9th

A complimentary performance of the magnificent Christmas cantata "When the Christ Child Came," by Clokey, will be sung by the Frank G. Hough Co. Chorus of Libertyville on Dec. 9 at the Highland Grade school in Libertyville, at 3:30 in the afternoon.

Everyone in and around the community is invited to share in the spirit of the season with this group as their 50 voices blend in the presentation of this beautiful Christmas message.

Additional entertainment will be afforded with the chorus singing several of the favorite Christmas carols of various foreign lands, as well as some of those that are so familiar to all of us here in America.

This popular choral group is composed of members and their families of the Frank G. Hough Co. of Libertyville. The chorus is very ably directed by Elmer Carlquist along with the brilliant organ accompaniment of Mrs. Joan McClean.

Why not extend an invitation to your friends and neighbors to join you for an hour of relaxing music presented for your enjoyment by the chorus.

RAINBOW GIRLS VISIT NEIGHBORING ASSEMBLIES

There will be a regular meeting of the Order of Rainbow for Girls on Monday, Dec. 10 at 7:30 p. m. Refreshments will be served by Mrs. Harold Cardiff and her committee. A Christmas party will be discussed.

On Monday, Dec. 3, Marilu Bushing and Sigrid Petersen went with Mrs. E. Hunter and Mrs. Marie Bushing to Bensenville to attend the official visit of Miss Sylvia Nichols, worthy grand advisor.

On Tuesday, Dec. 4, Sigrid Petersen, Sharon Gibbs, Mrs. D. Farms, mother advisor of Rainbow for Girls went to Lake Forest to attend Friends night. Dorothy Mantis, Wilma Gibbs and Joan Wagner also attended the meeting.

Library News

New Memorial Books at Library

Two very fine books have been presented to the Antioch Township Library in memory of Mrs. Monty Hinton, daughter of Mrs. Clara Westlake. "People, Places, and Books" was presented from the series of radio talks by the distinguished writer and scholar, Gilbert Highet. Mr. Highet has much to tell us of the art of writing and the art of reading and all who love books will enjoy his wise and witty words. Louis Untermeyer has given us many useful anthologies of poetry along with his writings on varied subjects. Harcourt, Brace and Company recently published a combined mid-century edition of Mr. Untermeyer's two anthologies: "Modern American Poetry" and "Modern British Poetry" which is an extremely useful addition to the library's poetry section.

Ruth Moore has done more to cull the works of anthropologists and geologists to bring the layman knowledge of our world than any other author. "The Earth We Live On" tells the exciting story of man's quest for knowledge of the earth from the story of Noah's Ark to the newest discoveries of geophysics. "The Earth We Live On" was given to the library in memory of William E. Schroeder.

Beatrice Nathan first began teaching in 1915 and reluctantly resigned thirty years later. In "Tales of a Teacher," she tells with warmth and humor, of her experiences in the schoolroom ranging from a one room, nine pupil mountain school to the most modern highly equipped system. "Tales of a Teacher" is available at the library in memory of Mrs. E. J. McDougall.

Lake Villa Community Church Choirs to Give Pageant Saturday Night

The choir and the youth department of the Lake Villa Community Methodist church will present a Christmas Pageant, "Child Jesus" at 7:30 p. m. Saturday at the church.

Mrs. Gerald Robinson, in charge of music and production, has adapted and extended a cantata by Joseph Clokey and Hazel Jean Kirk, and will direct the entire program.

The junior and senior choirs, with Mrs. Richard Bolt as soprano soloist, will furnish music for the traditional Nativity scenes in pantomime, and Miss Susan Romer will accompany.

Scriptural interludes between the scenes will be narrated by Warren Brown. The production staff will include Mrs. Joseph Mack, costumes; the Rev. Gerald Robinson, lighting; Mrs. John Romer, properties; John Romer, staging.

Costumed characters in the pantomimes will be: Mary—Lois Wagner; Angel of the Annunciation—Sandra Rittenhouse; Joseph—Roy Hartman; Cherubs—Diana Lou Colbert, Melinda Maas, Eileen Newyear, Christine Robinson, Lia Van Golen; Shepherds—Jim DeWaters, Dean Henry, Bill Seifert, Eddie Slavic, Robert Weber; Angels—Barbara Black, Joyce Blumenschein, Joyce Greene, Donna Nickerson, Marge Pullen, Georgeann Reznier, Judith Schneider, Violet Schneider; Wise Men—Norman Outen, Larry Wewar, Paul Penrod; Innkeeper, Russell Cote; Peannette, Peggy McNeil; Isabella—Donna Henson; The Christian Family—Mr. and Mrs. Harry Weber, Robert and Charles Weber; Children from Other Lands—Sandra Cremin, Loretta Pederson.

Those planning to attend the pageant are advised to arrive early at the church because seating will be limited.

B. P. W. Club Shown Symbols of Christmas

Mrs. Donna Barhyte, member of the Antioch Grade School faculty, sang several solos and showed movies of the seven symbols of Christmas including the Christ child in the manger at the meeting of the Business and Professional Woman's club Monday at the Scout House.

The symbols were the manger scene, the mistletoe, the Christmas tree, carols, the filled stocking and Santa Claus.

Miss Patricia Howard of the high school faculty gave a Christmas reading entitled, "Not a Creature Was Stirring."

Following the program gifts were exchanged with Mrs. Josephine Dompke serving as Santa in distributing them. Lunch was served by Mrs. Joseph Patrovsky and her committee.

CUB SCOUTS TO SPONSOR SPAGHETTI DINNER SATURDAY
Cub Scout Pack No. 92 of Antioch will hold a spaghetti dinner Saturday evening, Dec. 8, at the Grade school. Serving will start at 5 o'clock and will continue until 8 p. m. You may purchase tickets at the door. Preparation of the food will be supervised by Bruno Manzano.

GRASS LAKE P. T. A. TO HOLD PENNY SOCIAL

Members of Grass Lake Parent-Teacher association plan to hold a penny social at 8 p. m. Friday, Dec. 7 at the school. All proceeds will go to benefit of playground equipment. Refreshments will be served free.

MOOSE CARD PARTY FRIDAY, DECEMBER 7

The card party scheduled for December 8 at the Moose hall, will be held Friday evening, Dec. 7.

Mrs. Janet Noack, an employee at the Williams Department store returned recently after a vacation spent in England.

Lake County Asked To Give \$6,000 to Aid Hungarians

Lake County has been asked to give \$6,000 for Hungarian refugee relief, according to William J. Wuestenfeld, chairman of the Lake County Chapter, American Red Cross. The money is the county's quota in a Red Cross drive to raise \$5,000,000. for Hungarian war-victims who chose to stay in their homeland and those who fled to other countries.

President Eisenhower endorsed the project in a message from Augusta, Georgia, last week.

Wuestenfeld asked that Lake County residents bring or mail their contributions to the Lake County chapter, American Red Cross, 308 Julian st., Waukegan. He said the chapter will not actively solicit funds assuming that voluntary mail contributions will be sufficient to meet the quota.

To-date the Red Cross is the only international agency allowed to function within Hungary itself. Austria, which has received the bulk of refugees, requested that the Red Cross care for refugees pending long-term care by inter-governmental agencies.

The American Red Cross already has allotted \$300,000 for immediate Hungarian relief. The money was used to purchase medical supplies, food, clothing and blankets, which were flown to Europe.

In Budapest the Red Cross began Saturday to feed 50,000 sufferers. The number is expected to be stepped up to 200,000 by the end of the year.

In this country the Red Cross is working with a score of civilian agencies in providing help for refugees arriving here to start life anew. It is estimated well over 5,000 Hungarians will flee to the United States.

Chicago Area Housing Survey Starts Dec. 6

Approximately 40,000 homes in the Chicago Standard Metropolitan Area will be covered as part of the National Housing Inventory which gets underway locally on Dec. 6, according to Robert D. Krook of the Census Bureau's field staff who will direct the survey.

About 50 persons will be employed in the survey which will supply current information on the number and characteristics of dwelling units now in existence in the Chicago area. The survey will also furnish facts on the losses and gains resulting from new construction, conversions and demolitions since 1950, providing the first measurement of the local housing supply since the 1950 Census of Housing.

The survey will show size and age of houses, rents paid, value of homes, conditions of houses, vacancies, plumbing facilities and characteristics of families living in the houses covered in the survey. Information will be gathered also on outstanding mortgage debt, interest rates, use of conventional and government-insured mortgages, second mortgages and monthly payments if amortized.

Enumerators for the National Housing Inventory were given a three-day training course on Dec. 3, 4 and 5 and start their rounds today (Dec. 6). It is expected that the survey will be completed in three to four weeks. Separate figures for the Chicago area will be compiled with preliminary statistics scheduled for release in the summer of 1957 with final reports set for the fall. In addition, housing statistics for a number of small areas within the city of Chicago will be provided by the survey. The Chicago Housing Authority is furnishing the funds for the additional data.

Mr. Krook pointed out that all information furnished to the Census Bureau is kept confidential by law and only statistical totals and averages are published.

Salem Central Falcons Beat Brookfield Tues.

Salem Central's Falcons downed Brookfield, a newcomer to the Braveland conference, in a spirited game Tuesday evening on the Brookfield floor.

Ralph Meyers, five-foot eight in. guard of the Falcons, sparked his team to the 49-39 victory, scoring 18 points, and proving an effective re-bouncer. Meyers was a real thorn in the Brooks side, repeatedly stealing the ball, and was mainstay of the Salem team's tight defensive play.

Pork Steaks

Stuff pork steaks with an old-fashioned bread dressing, then bake with whole apples which have their centers stuffed with raisins and brown sugar.

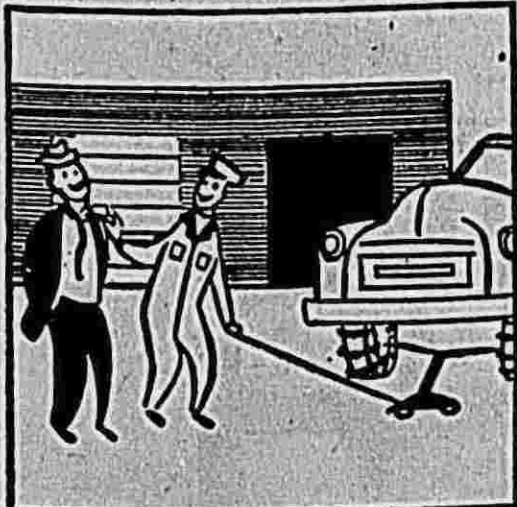

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

The coming of winter means a tougher proposition for the man behind the wheel of a motor vehicle. More hours of darkness every day mean that more caution must be exercised by the motorist. It may help if each driver remembers that it is just as hard for you to see as it is for other drivers and for pedestrians.

Driving is made more difficult by snow, rain, sleet and ice. These conditions are an automatic signal to reduce speed. Speed reduction is the most important protection a driver has against bad weather hazards so often encountered during the winter.

Tire chains will aid immensely in reducing your stopping distance on snow or ice covered pavements. The driver must always be on the lookout for ice patches on seemingly dry pavements. This is especially true around curves, beyond hillcrests and in shaded spots.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

First Prize Winner in Pre-Christmas Parade Saturday

This Snow Man which moved its head and arms won first prize in the pre-Christmas parade Saturday. Provided by Thebest Blind Co. and Jo-Pat Market it carried, left to right, Mary Anderson of Antioch, Karen Graham of Chicago and Joanne Masek of Antioch.

The Children Greet Santa in Antioch

Santa Claus, who visited Antioch last Saturday, interrupts his questioning of these children as to what they want for Christmas to allow them to pose for the Antioch News photographer. The youngsters, left to right are Jimmy Kopriva, son of Dr. and Mrs. James Kopriva, James Nissen, son of Mr. and Mrs. David Nissen and Ainsley Brook, daughter of Mr. and Mrs. William Brook.

Wilmot to Play Elkhorn Friday Night: Loses To Whitewater 72-69

Wilmot High will turn its attention to the game tomorrow evening with Elkhorn on the Panther home floor after having lost a close one to Whitewater there last Friday, 72-69.

The Whitewater game was a nip and tuck affair with the Panthers leading at the half 38 to 37, although they were behind at the end of the first quarter 22 to 16.

The advantage swung back and forth throughout the last half and with one minute to go Coach Bob Hanke's quintet was leading 69 to 68. Then Chuck Regez, Whippet star, tossed two free throws which gave his team a one-point lead.

Whitewater stalled, and in an effort to get the ball a Wilmot player fouled Myron Paynter, which resulted in two more free shots and the final score of 72 to 69.

Whitewater was favored to win, but the Wilmot team gave it a mighty battle.

Don Timmer, Wilmot guard, had another big night with 13 field goals and two foul shots for a total of 28 points.

Regez, Whitewater 6-2½ center was high point man with 37 points, and it was his 14 points in the last quarter that sank the Panthers. Ed Skora fouled out with two minutes remaining which handicapped Wilmot.

Illinois temperatures during the first half of December are likely to average somewhat lower than normal, according to a long-range forecast issued by the United States Weather Bureau. The state is also expected to receive less than the normal amounts of snow and rain during the period.

Unknown Benefactor
An anonymous American has financed the translation into Siamese of Pope Plus VI's encyclical on atheistic Communism.

Unprecedented Crowd...

(continued from page 1)
Thebest Venetian Blind Co. won first prize. An igloo with two children driving a foursome of bears provided by The Advertiser was second and the float of the Boy

Scouts troop 92 sponsored by Charles Cermak was third.

The judges were Mayor James McMillen, the Rev. Alfred J. Henderson and the Rev. Edmond Hood.

Because of the cold no bands were used but music was broadcast through the public address system.

The entries in order of the procession were as follows:

The colors presented in the car of Emil Feyerabend; Boy Scout Troop 91 sponsored by Gibbs and Jensen; "The Music Shop" by the Record Nook; Barnstable and Brogan; Boy Scout Troop 92, sponsored by C. J. Cermak; Reeves Pharmacy; Carlson Ford Sales; Jo-Pat, Thebest Blind Co.; Marianne's; Smart's Country House; De Molay, sponsored by Nelson's Real Estate; Carlson Ford Sales; The Advertiser, carrying Miss Merry Christmas, and the Chamber of Commerce float carrying Santa Claus.

Several floats ordered could not be completed in time.

Chairman Frank Skalak, parade marshal, has received many compliments on the parade and he is quite appreciative of the cooperation given him.

Village Accepts Sts.

(continued from page 1)
annual turkey dinner next Tuesday evening and the board members were invited.

The report of Treasurer Martha Hunter showed that so far in the new fiscal year the village has received \$805.50 for building permits, \$3,539 for vehicle tax, \$299.35 parking meters, \$1,413 fines, \$11,466.86 for general taxes, \$3,675 from liquor licenses, and \$142 from dog licenses.

Charles Mapthorpe, superintendent of the sewer and water department, presented his usual complete report showing that in November the plant treated about 1,500,000 gallons of water and that 1,481,000 gallons went through the mains. The sewage disposal plant was on a winter time basis.

Emil Ehrent, superintendent of streets, made a complete report announcing that a week was spent in putting in standards for the new street signs of which two days were spent digging the holes. The plates, bearing the names of the streets arrived Tuesday and will be attached to the standards next week.

No report was made by the police department.

Mercury Reached 60 Yesterday Afternoon November Dry Month

Yesterday's high temperature of 60 will go down on the records as one of the warmest December days in recent years.

It was a scant 60, but near enough to be counted that," said Observer Roy Kufak.

Last year the warmest day for December was on the 24th, the day before Christmas when the mercury arose to 53 degrees.

November's high was 73 on the very first day, and the lowest 7 above on the 22nd. Precipitation for the month was 1.49, which is low. Part of this was one-half inch of snow which fell on the night of Nov. 24.

Hot Derby Material

What is the top speed of an ant? Ant in good condition and in a big hurry can crawl along at a rate of 12 feet a minute on a fast track.

Fact Finding Group Will Be Addressed By I.A.S.B. Leader

An important meeting of the Fact Finding Committee studying Community Unit School District Organization has been scheduled for 8 p. m. Monday, at the Emmons Grade school.

Robert Denman, chairman of the Fact Finding committee, has announced that Robert Cole, executive director for the Illinois Association of School Boards, will be present to answer questions regarding the Community Unit School System.

The meeting at Emmons Grade school will be the seventh discussion session called by the Fact Finding committee during the last eight months. Other meetings have been held at Lake Villa Grade school,

Antioch Grade school, Channel Lake Grade school, and the Antioch High School.

Members of the study group are: Dr. Richard Carlucci, Ted Larson, Ruth Seyfarth, Elmer Eberman, Lucille Kuechenmeister, Harry Jesse, Lester Hribar, William Wiczorek, Doris Kepart, C. F. Spierin, Vincent Stonis, Clark Wetterberg, John Brandt, B. J. Hooper, R. F. Duha, Geraldine Olson, Norman Jedele, Wendell Nelson, George DeYoung, Robert Denman, W. H. Paulsen, W. F. Haydon, Alfred Ames, Avery Vose, Howard Gaston, William Petty, Albert Dittman, Richard Whitacre and Donald Behling.

HOW BIG IS THE BIG M?
Let us show you its new size here

FAR BIGGER IN EVERY IMPORTANT DIMENSION—the biggest
size increase in the industry. A full 17½ feet from Jet-Flo-Bumpers
to V-angle Tail-lights—6¼ feet wide, and almost two-tons brawny!
With 10½ feet of lounge seat width (front plus back), leg room and
headroom to spare! Comfort starts here—but it gets its biggest
boost from the world's first Floating Ride—Mercury's exclusive

combination of bump-smothering features. And dream-car ideas
don't stop with comfort. There's a new 290-hp Turnpike Cruiser
V-8 engine, a new Merc-O-Matic Keyboard Control, new ball-
action steering, new giant-sized brakes. And you can get a power
seat that "remembers," an exclusive Power-Booster Fan in the
Montclair series. And many more straight-out-of-tomorrow ideas!

Quadri-Beam headlamps, as illustrated above, optional equipment except in Tennessee and South Dakota.

Lake Villa

Mrs. Fred Barlett, Correspondent
Tel. Elliot 6-4454

Mr. and Mrs. Edward Kelly and family of Grand Rapids, Minn., were guests last week at the home of his mother, Mrs. Marie Kelly.

Mr. and Mrs. Roscoe Baker of Rockford, Mr. and Mrs. Jim McGuire of Chicago and Mr. and Mrs. Edward Kelly and family of Grand Rapids, Minn., attended the funeral of Ed Kelly of Lombard last Saturday. They also visited Clarence Blumenschein at the Condell hospital in Libertyville.

The skate exchange and auction held at Venetian Village Community hall Sunday was such a huge success, that another one will be held Saturday, Dec. 15 at 2 p. m. at the Lake Villa School gym. Anyone in Lake Villa, Lindenhurst or Venetian Village having skates to exchange may do so at this time.

The bus sponsored by the Men's club and other civic groups that picked up teen-agers to be taken to the theatre at Fox Lake will be discontinued for the present.

The annual senior band concert will be held Sunday, Dec. 16 at 3:30 p. m. at the Lake Villa school gym.

Mr. and Mrs. Jacob Fish celebrated their 20th wedding anniversary last Wednesday.

Ervin Barnstable, Sr., is a patient at St. Therese hospital.

The Johanna Lodge of Chicago will escort Mrs. Helen Emerson to the East as Past Noble Grand of Rebekah Lodge No. 101. Officers of various Rebekah lodges will be guests and welcomed to their stations. Bunco will be played and refreshments will be served.

Miss Dorothy Emerson, Helen Emerson, Mrs. M. York and Mrs. Paul Bart will act as house-mothers at Mooseheart Saturday afternoon, while there they will do darning and mending for the children.

Basketball tag game at Schurz High school will be played by Mrs. Rose Johnson, Mr. and Mrs. John Rothstein against Mrs. Helen Emerson, Jack Emerson and Mr. and Mrs. Mike Sidolski.

New families welcomed to the community are as follows:

Mr. and Mrs. Eugene Grabowski and family, Mr. and Mrs. William J. Anderson, Mr. and Mrs. Ernest M. Heinlein and family, Mr. and Mrs. Stephan Novogorski and Mr. and Mrs. Edward Connell, all of Fox Lake Hills.

In Lake Villa: Mr. and Mrs. Frank Bennett and family, Mr. and Mrs. James Reid and family.

In Petite Lake Highlands: Mr. and Mrs. Bennett Cassata, and Petite Lake road newcomers were Mr. and Mrs. Richard Dvorak and family.

The next meeting of Cedar Lake Camp Royal Neighbors will be Tuesday, Dec. 11 at 8 p. m. at the village hall. There will be election of officers and gift exchange.

HEALTH TALK

Plan for Retirement

The compulsory retirement plans of industry today pose a problem for the millions of people reaching older age. Many of the persons face a rather empty future, for it is difficult to stop suddenly the mental and physical machinery that has been geared to business competition, the Educational Committee of the Illinois State Medical Society observes in Health Talk.

Taken away from his job, whether it be manual or mental, the individual finds too many hours in the day and too much time to do nothing. Wise is the person who foresees this inactivity by preparing himself with an avocation.

It is not good to lose interest and a satisfying hobby will not only keep curiosity and zest alive, but very often will create a field of financial return.

Age is more or less an individual problem just as it is a normal growth pattern. Many persons at thirty suggest physical and mental characteristics of aging. Others at seventy may reveal a wrinkled skin which is offset by a sprightly walk and a mental agility.

Preventive medicine, through its control of many diseases that formerly took lives, is responsible for extending the life span. Today there are more than nineteen million people over 55 years old. With a greater aging population, new factors develop for their care because this group faces such degenerative diseases as high blood pressure, arteriosclerosis, cancer and arthritis.

Heart disease in its various forms leads the list. Just as the specialty of pediatrics developed for the care of the growing child, so the specialty of geriatrics came into being for the medical problems of the older person.

The development of these conditions may slow up a person in advancing years, but age itself is not a debilitating factor. Again certain physical changes are natural sequences. Muscles and chest become

smaller and the waistline larger. The skin loses its elasticity and tends to wrinkle and to develop certain types of spots and moles. Hair is apt to become gray and thinner. In some individuals, mental deterioration is evident.

Because modern medicine is responsible for more of us "growing old," it will also establish a means for caring for the conditions peculiar to old age. Geriatrics is rapidly becoming an expanding field for study and research.

Perhaps one of the greatest problems of growing old is the feeling that on is no longer needed, that usefulness is over. Everyone wants to be a contributing power, whether it be in business, the home or the community. The end of a long life of service and activity needs a compensatory substitute.

That is why the development of a hobby is encouraged. Accept the challenge of retirement by getting ready for it now. Maybe the younger years are the more productive ones, but wisdom and experience come with emotional maturity and there is a great satisfaction in pursuit of an interest that will keep you happy mentally, and occupied physically. If your hobby is saleable you will again be gainfully employed.

with emotional maturity and there is a great satisfaction in pursuit of an interest that will keep you happy mentally, and occupied physically. If your hobby is saleable you will again be gainfully employed.

Smiling Jewel Girls...

Getting to know you
Hoping you'll like us...

If you're a regular Jewel shopper you probably already know all the girls in your neighborhood or if a new Jewel has just opened in your community - here's something you'll like:

To help with introductions, every girl in your Jewel is now wearing a name plate. She wants to know you better, too. You know how much nicer it is to shop in a store where you know most everyone by name... and it's even nicer when they know yours too.

Plan to get to know the smiling girls in your Jewel this weekend - they're looking forward to meeting you!

Christmas Seal Sales Originated 50 Years Ago

Some 3,000 voluntary tuberculosis associations throughout the United States and its territories are observing the 50th annual Christmas Seal Sale, which began November 15 and continues through December 31. This traditional event by which funds are raised for the prevention and control of tuberculosis had its beginning in Wilmington, Delaware, in 1907.

A group of Delaware doctors were experimenting with new methods of treating TB in a modest hospital which was little more than a group of shacks. For lack of \$300, they faced the possibility of having to close the hospital and send the patients home—perhaps to die. They turned for help to Miss Emily Bissell, the Delaware Red Cross executive. Miss Bissell recalled reading of a special Christmas stamp sold in Denmark to raise funds for the sick and needy. She designed her own Christmas stamp, organized a campaign, and opened the sale of Seals on December 7.

Sales were disappointingly slow at first, and Miss Bissell turned to a great American newspaper for help. This was the turning point. With the enthusiastic backing of the Philadelphia NORTH AMERICAN and columnist Leigh Mitchell Hodges, the first Christmas Seal Sale was an overwhelming success. Instead of \$300, a total of \$3,000 was raised, with contributions coming from distant states where the NORTH AMERICAN was read. The following year the Christmas Seal Sale was held in 33 states, and it quickly grew to cover the whole country. In the early years, before tuberculosis associations were as wide-spread as they are today, newspapers frequently acted as local sponsors of the Christmas Seal Sale. Through the years the support of local newspapers has been a major contribution to the fight against tuberculosis.

What Causes Spots Before Your Eyes?

MINNEAPOLIS—Ever see dots before your eyes? Floating specks or little hair-like curls—

Most people sooner or later experience "vitreous opacities"—

medical terminology for the specks or filaments that seem to float or dart about in front of the vision, but which are really floating inside the eye, in the vitreous humor or jelly-like substance that fills it.

Violent emotion—anger, fear, worry—can actually cause "spots before the eyes," which may be minute chemical precipitations which usually soon disappear. Such effects can also result from lowered physical condition, nervous tension or high blood pressure, according to leading eye specialists consulted in the preparation of the insurance firm's bulletin on the subject.

Most of the floating specks or filaments, however, are the remains of waste cells detached from the interior membranes of the eye; others, usually denser, result from broken blood vessels and are sometimes slight, sometimes serious.

Buckwheat Cakes Fading From the Home

WASHINGTON—America's old-time winter breakfast, a stack of golden-brown buckwheat cakes, complete with maple syrup and sage-flavored homemade sausage, may be going the way of the buffalo.

Last year the United States buckwheat crop was at its lowest ebb (2,055,000 bushels) since records were first kept in 1860, says the National Geographic Society. High point of the nine decades came in 1905, with nearly 10,000,000 bushels. By 1944 the figure had dropped to less than 9,000,000 bushels, in 1954 to 2,740,000.

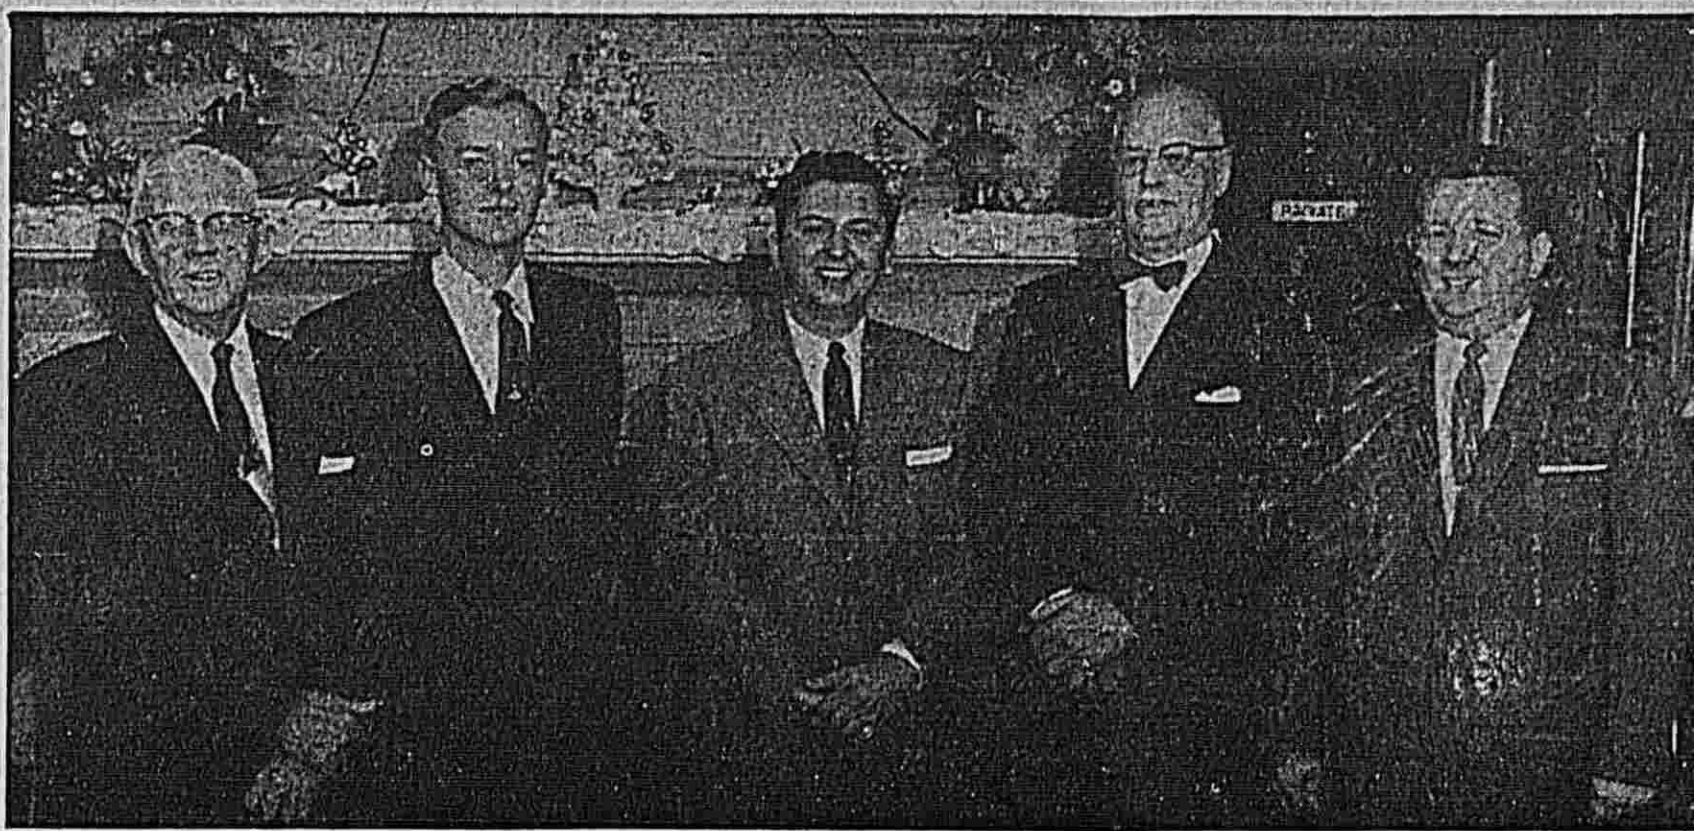

Popular demand has tapered off for the tangy griddle cakes that grandmother used to make. Hurried workers find little time for the old flapjacks whose yeast-mixed batter was left to stand overnight, then lovingly turned, cake by cake, for proper color and melt-in-mouth goodness.

But buckwheat still has many uses and partisans in the United States and around the world. Russia is the leading producer with an estimated 50,000,000 bushels annually. Other important growers include France, Germany, Poland, Canada and Japan.

First Is Texas

DALLAS—Texas kept a firm grip on one of its many "firsts" when the 1956 State Fair of Texas closed down with a total attendance of 2,672,252 during the two week run, 60,982 above the last year's attendance mark.

New Antioch Chamber of Commerce Officers

Serving as officers for the Antioch Chamber of Commerce next year will be, left to right: E. J. Slotten, treasurer; Robert Andrews, executive secretary; Joseph Patrovsky, outgoing president; O. I. Onstad, incoming president; and Ray Jensen, vice-president. They were present at the Chamber of Commerce dinner Saturday and introduced.

Soo Line \$4,000 Bill For Crossing Signals Itemized in 19 Pages

The village board got a bill from the Soo Line—in fact there were several copies which were itemized to the Nth degree—charging Antioch \$4,000 for its 50 per cent share of the cost of the crossing signals that were installed a year ago at the Depot st. crossing.

The total cost, according to the railroad was \$8,100 but because the village was guaranteed that the amount it would have to pay would not be more than \$4,000 the extra \$50 evidently is borne by the Soo Line itself.

The statement contained eight pages which with the accounting came to a total of \$85.88. The accountant put in 21 hours at a cost of \$51.48; the report of the accountant took 8 hours at a cost of \$19.61; the comptometer operator put in three hours at a cost of \$5.51, a stenographer 3 hours for \$5.31 and the typist 2 hours at a cost of \$3.77.

Everything directly or indirectly involved in the installation even to the cost of operation of a hand car went into the report. There were 11 time sheets.

Then when the board got ready to pay the bill it found that it had failed to make an appropriation for the payment this year although the appropriation was made last year when the bill was expected. Atty. E. C. Jacobs said the appropriation of last year doesn't carry over.

Unable to legally take the money from the general fund which now amounts to \$38,000 and can well stand it, the board voted to pay the bill, taking the money from the contingency fund containing \$3,200 or wherever it can be legally obtained.

Corn Growers Vote Tuesday on Acreage Allotment-Soil Bank

Farmers engaged in the raising of corn in Lake County will choose either of two plans in connection with federal price supports.

At stake is a choice between the Acreage Allotment or President Eisenhower's Soil Bank Program. The Acreage Allotment plan would provide a subsidy of \$1.36 per acre in 1957; the Soil bank would provide \$1.31.

Farmers of Lake Villa and Antioch townships will vote at the village hall, Lake Villa. The polls will be open from 8 a.m. until 7 a.m. The election is held under the auspices of the Agriculture Stabilization Committee, and District Committee members will act as clerks.

Placement of broiler chicks in Illinois during the eight weeks ending Nov. 24 was 29 per cent below that in the corresponding period last year, according to the state and federal departments of agriculture.

Broiler chick placements for week ending Nov. 24 totaled 147,000, practically the same as for the preceding week, but 14 per cent less than during comparable week of 1955.

Palatine Here Friday....

(continued from page 1)

poured forth a 23-point barrage for at 53-47 point lead at the end of the third quarter.

Wauconda fought determinedly in the fourth quarter and led at one time 61 to 59. With a minute to go Jerry Huml tied the score with a jump shot and Tom Gudgeon and Lonnie Christiansen added three free throws for the winning points.

The Sequoias lost a thriller to the Dundee Cardinals Saturday night 53 to 51 before a large home crowd.

Both teams put up a strong defense and kept the score comparatively low, though there were many fouls. The Sequoias led at the end of the first three quarters, with scores of 13-11, 25-22, and 41-40, and had the score up to 47 to 42 in the last quarter.

It was the much-dreaded Jim Piffpaff of Dundee who scored on a hook shot and tossed in three free throws which finally put the vis-

itors out in front. They were never headed. Personal fouls sent Jerry Huml, Art Hanke and Wayne Herbst to the bench, and their loss with the points the fouls added accounted for the Dundee victory.

In the preliminary Warren Polley's frosh-soph team defeated the Dundee underclassmen 51 to 33. Jim Oilschlager with 19 points was high scorer for the braves.

A new testing material for mastitis, developed at the University of California, makes possible an immediate check of each cow and each of her udder's quarters, reports the December issue of Successful Farming magazine. The testing material is called the California mastitis reagent. A milk sample is obtained from each quarter in a plastic four-leaf clover arrangement. Then, a few drops of the reagent are added. If mastitis is present, the solution changes to a dark color. The degree of color indicates the degree of mastitis, the magazine says.

GORDON LAUGHEAD

There is real enjoyment and pleasure for your family with a spinet piano. The joy of singing the old and new songs or your favorite hymns is something that appeals to all. The new custom built Gordon Laughhead pianos are available in mahogany, walnut, and the exotic finishes of blond mahogany, walnut, cafe au lait, honey maple, fruitwood, French Provincial cherry and ebony and are priced from \$750.00 in mahogany to \$995.00 in the French Provincial. Come in tomorrow and see the new 1957 Gordon Laughhead Pianos.

European Cities Have

Fast Mail Service

While Europe may lag behind America in Technology, Europeans enjoy faster mail service and some public services that would be welcome on this side of the Atlantic, reports Robert Bendiner in a December Reader's Digest article, "What Europeans Teach Us About Public Services," condensed from Collier's.

Living in Huntington, Long Island, on the fringe of New York's metropolitan area, Bendiner regards it as normal for a letter from the city to reach him in two days.

"In London, by dizzying contrast," reports the writer, "a housewife can mail her grocery order before ten in the morning and have her groceries delivered in time for dinner that evening. Both London and Paris take for granted three punctual deliveries a day.

"A Parisian can get a letter to anyone in the French capital and its environs in an hour or two by dropping it in a special slot for pneumatic-tube mail at the nearest post office. . . . Almost everywhere from Glasgow to Moscow a letter will go by the fastest method available at the moment, whether it carries airmail postage or not."

European telephone systems offer many services. In Paris, you have only to dial INF-1 (information) to catch a recording of the most recent news bulletins, which are freshened every two hours. In Amsterdam, a recorded voice will list the films showing at movie theatres along with the comment of local critics.

In Vienna, telephone service supplies stock quotations, recipes, bedtime stories for children, practice dictation for secretarial students, even perfect pitch A for the tuning of musical instruments.

Lions Dine at St. Benedict's Abbey, Benet Lake

Abbot Richard of Felix St. Benedict's Abbey made so witty remark as the smiles of members of the Antioch Lion Club indicate as he club dined recently at the abbey. Seated at this head table were, left to right, Dr. G. W. Jensen, Dr. James W. Kopriva, Abbot Felix, Louis A. Bisl and Edward Runnfeldt.

Officers of Grade School Band Wear New Uniforms

Wearing their new uniforms, officers of the Antioch Grade School band pose during a meeting of the Band Club at which some of them performed. The uniforms are quite attractive and the youngsters already have several medals to wear on them. Shown here, left to right, are Lance Keisler, president; Dee Stillson, vice-president; Joyce Schimmel, treasurer; Lorraine Gibbons, secretary; and Jill Anderson, librarian.

MIGHTY BIG
for such a little price tag!

COMPLETELY NEW FROM POWER TO PERSONALITY!

Actually costs **Less** than a lot of the low-priced cars!

With this king-sized, brilliantly powered Chieftain Pontiac you can set yourself up in grand style at a cost less than many models of the low-priced three! Here's more than 17 feet of clean-cut Star Flight beauty, solidly placed on a full 122 inches of road-hugging wheelbase, and cradled in Pontiac's exclusive cloud-soft Level-Line Ride.

And when it comes to performance, where else but in the Chieftain Pontiac can you get a 10-to-1 compression ratio, 347 cu. in. Strato-Streak V-8, brilliant successor to last year's champ that broke more than 50 performance marks and led all "eights" in miles per gallon?

And this value-packed new Chieftain comes to you proved by a 100,000-Mile

Marathon Test Run that would break the spirit of many another far costlier car.

Come in soon and catch up with the car that caught them all napping—even to the low, low price tag . . . and enjoy real big-time driving!

Electronic Machines Screen Applications For Drivers License

Springfield, Ill. — Secretary of State Charles F. Carpentier has announced that plans have been completed for the installation of electronic machines in the Driver License department to process the information on all license applications, driver control records and to issue driver licenses.

In calling attention to the electronic development Secretary Carpentier said, "Illinois will be the first state in the nation to convert its driver licensing operation to the modern methods utilized by large industry."

Secretary Carpentier explained that the electronic machines utilize punch cards on which all of the desired information is recorded by various symbols. The information contained on the punch card is then fed into a magnetic drum data processing machine. The machine can scan thousands of application records in a few seconds and can be adjusted to give specific information relative to large groups of drivers.

Part of the equipment includes a magnetic tape recording unit on which approximately 60,000 complete driver license registration records can be recorded on a single 2400 foot reel of magnetic tape. This machine not only records the information on the tape but will also check it for accuracy. It is capable of reading tape at a speed of 900,000 digits per minute. Included in the system is a data selector which will

enable the Driver License department to refer to the information stored on the magnetic tapes, select the information desired and feed it into another machine which will automatically tabulate the results and print them on any desired type of form.

Secretary Carpentier also pointed out that more than 4,000,000 Illinois driver licenses will begin to expire in May, 1957. Such expirations will extend over a period of three years. Along with the electronic system, Secretary Carpentier said, Illinois will also introduce a permanent driver license number which will establish a single master file for all drivers. This permanent driver license number will eliminate the possibility of any person obtaining more than one driver license.

Secretary Carpentier said that one of the most important features of

the electronic system will be a so-called "stop" tape. This tape will prevent the issuance of a license or a duplicate to any driver who has been revoked, suspended or whose license has been deposited in lieu of bail. At the present time more than 3000 of the latter cases, i. e., licenses deposited in lieu of bail, are being received daily by the Driver

License department and it is anticipated that this volume will be doubled within the next twelve months period.

Children, large or small, few or many, may often tear up a house ... but it is seldom they ever break up a home.—Successful Farming magazine, December issue.

To start a fire in a tank heater quickly and easily, use sawdust saturated with fuel oil, says the December issue of Successful Farming magazine. It is very economical and safe.

A lawn fertilizer cart is perfect for sprinkling sand on icy areas, says Successful Farming magazine in the December issue. The uniform spread of sand on icy surfaces is much safer than the spread that can be made by hand.

Day in, day out—
this emblem

means you're
twice as sure of
dependable heat

Here are two important reasons why Shell's Certified Comfort plan delivers more efficient heating, at no extra cost

1 We CERTIFY you get premium service

You're sure of dependable, efficient, complete service when you order Shell Heating Oil. We keep a regular record of your heating oil requirements, refill your storage tank automatically. We protect your tank against corrosion with Sonitor® applications at no

extra charge. You can rely on us to help you save on fuel bills, too. We'll see that your furnace burns at peak efficiency, show you the way to heat your home at lowest cost.

2 The Shell Oil Company CERTIFIES you get premium grade heating oil

Shell Heating Oil was developed in the world's finest burner laboratory to insure better burning efficiency in your furnace.

This premium fuel is tops in clean burning quality. Shell, the only heating oil with

special additive FOA-5X®, keeps your fuel filter clean as it heats.

You get more economical, more dependable warmth with Shell Heating Oil. Yet it costs no more than ordinary fuels.

**Here's
power—
in the thriftiest
truck you buy!**

Take a look beyond the price tag—
see what you GET in a GMC

**YEARS MORE USE—
WITH PLENTY LEFT TO TRADE**
Work capacity doesn't drop off in a few months—it's good for years. And its high trade-in cuts replacement cost.

DOWN WITH REPAIR COSTS!
No reasonable use can push this Blue Chip GMC too far! Unstrained engine and drive line — means far fewer repairs!

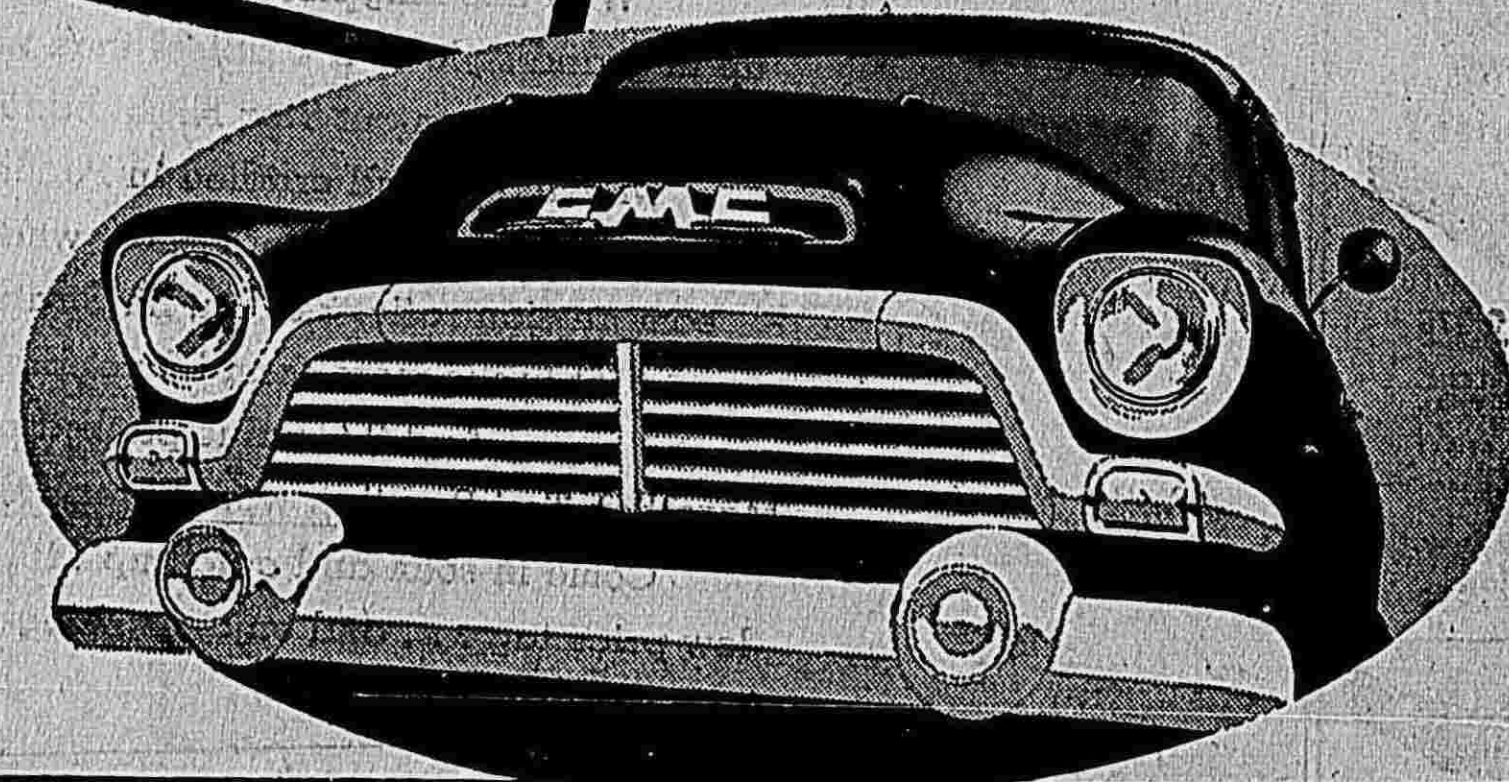

MILLION-DOLLAR LOOKS

Boulevard styling—boulevard-go spirit—sets you apart in traffic. The FAMILY will love to be seen in it!

FUEL SAVINGS

With this unstraining engine is the fast-ratio cruising axle that can cut fuel cost by 17%!

206-H.P. V8 ENGINE
That's power you usually find only in trucks rated at more than 4 times this Blue Chip GMC's capacity. You'll do more—and do it a lot sooner.

Mr. and Mrs. Arthur Stoneberg and son and Mr. and Mrs. Avery Leable and son left Friday evening for Northern Wisconsin. They visited friends and relatives at Menominee and Chetek. They visited Mr. Stoneberg's mother, Mrs. Jacoba Stoneberg at Chetek. She is 90 years old. They arrived home Monday evening.

Mr. and Mrs. Joe Sheehan entertained on Thanksgiving Day Mrs. Antioch, Mr. and Mrs. Gerald Weber and son of Burlington, Mr. and Mrs. Leonard Grasty and daughter and Mr. and Mrs. Donald Birchfield and family of Waukegan. Mrs. Emmet King visited relatives in Kenosha on Wednesday.

Mrs. Oscar Finkel accompanied Mrs. Arthur Henninghausen to Arlington Heights on Wednesday where they attended a church bazaar.

Mr. and Mrs. Fred Leable visited Mrs. Ethel Bennett in Kenosha Sunday afternoon and evening.

Sunday afternoon callers at the William Gerber home were Mr. and Mrs. Will Thompson and Helen and

Parents Still Hold Key To Happiness of Child

Despite great changes in patterns of family life, it is still the parents who endow their children with courage, a sense of responsibility, generosity, compassion and other finer qualities Morton M. Hunt writes in the December Reader's Digest in his article "There's No Substitute for Parents."

Hunt found youth specialists in varied fields concerned about a tendency to delegate parental responsibilities to church, school and camp. Yet, a Scout executive reports—"All the camp training in the world is of no avail, if, when he

the Russell E. Hunter family from Great Lakes.

Mrs. William Gerber and Mrs. Eddie Van Patten spent Tuesday of this week in Waukegan.

Mr. and Mrs. Curtis Wells visited the Rod Ames family Sunday afternoon.

Mrs. Ella Ingalls and Miss Faith Bushnell of Waukegan called on Mrs. Rod Ames and sons Monday afternoon, Dec. 3.

Mrs. Wilson King and children were Monday (Dec. 3) supper guests at the Rod Ames home.

gets home, the child is again allowed to become overly dependent on his parents."

In one New York University study, a group of children from well-to-do middle class homes was found to cheat far more than a group of reform school kids. The explanation offered by Dr. Howard Lane was that in "good" homes, where success is the principal goal, honesty was given lip service but children saw their parents lie, give flattering welcome to people they despised and do a hundred other dishonest things to advance their interests.

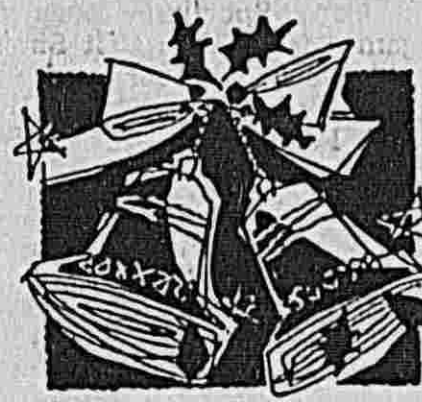

Even in the first year of life, the parent is all important as psychologists agree that a basic liking for people can be created if an

infant is always handled gently, fed when hungry, and comforted when miserable. This creates a fundamental liking and unshakable trust in others.

Hunt concludes, that parenthood

can't be an effortless and unconscious process but that when we give our creative best to the task, the reward is unlike any other this life offers. As Hunt and his wife Lois are parents of a 16-months-old

son, he has a personal interest in the subject. Mrs. Hunt is a lyric soprano, formerly with the Metropolitan opera, who now sings on television. She recently appeared on NBC's "Rosalinda" spectacular.

LEGAL

STATE OF ILLINOIS)
COUNTY OF LAKE) ss.

IN THE CIRCUIT COURT
OF LAKE COUNTY:
The People of the State of Illinois)
Plaintiff)
vs.
Lillie C. Goetsch, et al.) Defendant

IN CHANCERY, GEN. NO. 60893
PARCEL NO. 18.

NOTICE

To:

Nellie B. Carpenter, record owner of the real estate hereinafter described and her spouse, if any, and Jack B. Carpenter, Jr. in and to whom the hereinafter described real estate was last assessed general taxes for the years of 1950 to 1952 both inclusive, and to any and all persons claiming to be interested in said real estate hereinafter described.

Take Notice, that on November 1954 at a sale made by the County Treasurer and Ex-Officio County Collector of Lake County, Illinois for General Taxes for the years 1947 to 1952 both inclusive, in pursuance of a Decree entered on October 11, 1954 by the Circuit Court of said Lake County, Illinois, in cause therein pending entitled: The People of the State of Illinois vs. Lillie C. Goetsch et al. defendants General Number 60893 (being suit for the foreclosure of the 1st of the General Real Estate Tax) undersigned Loren D. Sexauer, Mae R. Sexauer his wife, purchasing the following described real estate: Lots 39 and 40 in Feltzer's 1954 Survey Subdivision of part of East half of Section 12, Township 46 North, Range 9 East of the Third Principal Meridian, according to plat thereof, recorded July 21, 1954 as document 283117 in Book of Plats, pages 6 and 7 Lake County, Illinois.

That said real estate was assessed and taxed for General Taxes for said years of 1947 to 1952 both inclusive, in the name of Jack B. Carpenter Jr. That time of redemption from said tax will expire on the 18th day of March 1957 by virtue of a statutory act extending the time to redeem as to include the 18th day of March 1957.

Dated this 27th day of November 1956.

WEEKLY SUMMARY
CHICAGO RETAIL MARKETS

Week of Dec. 3-8
Most meat prices are a lot lower in Chicago-area stores this week. Ample supplies coupled with keener retail pricing as stores compete for customer traffic lowers metropolitan area major-food costs going into the Christmas season, according to the University of Illinois consumer service. The weekly survey of wholesale-retail activity also shows eggs are lower, medium sizes holding an edge on the market value position.
Upward trending items are noted, however, in the produce division due to cold weather factors previously reported, and in the grocery division, principally fats and oils—penny per pound increases expected in a few weeks for margarine, shortening and cooking oils. Tomatoes, green beans, eggplant, broccoli, peppers, cabbage and cucumbers all quote higher. Lettuce, grapefruit and tangerines are lower.
With sagging wholesale meat

and poultry prices reflecting at retail, along with other marketing elements, food shoppers can practically pause to count calories in making meat selections and still do well in the budget trimming line.
For the week ending Dec. 8 the U. of I. (balancing price on one hand and calories on the other) points up as market values several meat items including: Beef—sirloin and round steak, blade cut pot roast, rolled rump roast; lamb—leg and shoulder roasts, rib chops; Pork—ham, loin roast, end chops.

Consensus price tags showing in Chicago-area stores include:
Beef—all classes quote lower at wholesale, resulting in retail prices for steaks, porterhouse 98c; sirloin 89c, round 79c, Swiss, 69c, rib 79c; roasts—blade cut 39c, round bone 51c, Boston (boneless) 53c, standing rib 59c, rolled rump 83c.
Leg roasts 49-59c, shoulder roasts 39c, rib chops 89c, shoulder chops 59c, stewing meats 35c.
Pork—Fresh items hold lower price levels, ham generally firmer

and bacon higher. Loin end roasts 39c, rib end roasts 29c, fresh Boston roasts 41c, center chops 69c, whole ham (smoked) 57c, ham, (butt portion) 49c, picnics (Cala hams) 43c, butts (smoked) 59c, bacon (better quality) 57c.
Poultry—Turkeys continue at a value consensus of 49c for all sizes, and fryers are an economy meat at 39c. Eggs drop back from week ago prices to 49c for large size, 39-41c

for medium size, grade A mixed.
Produce — Produce departments show effect of cold weather. Tomatoes generally quote 39c lb., although some small sizes in 14-ounce cello tubes quote no higher than 23c. Green beans advance sharply to 29c lb.

Bowling

(continued from page 14)
Art's Paint won two games from Pasadena.
Sexauer beat Tuttle Mink all

three games.
Hazelman's won two games from George's Bar.

Mr. and Mrs. Paul Ferris will leave Antioch Sunday for Melbourne, Fla., where they plan to spend the winter.

Lindenhurst

Mrs. John Selzer - Correspondent
Telephone Elliott 6-1172

James Mumbauer received word Thursday that his father suffered a severe heart attack and is in a Waukegan hospital.

Mrs. Eugene Barnes is entertaining the girls who are employed in her office on Wednesday, Dec. 5, at a cocktail party in her new home.

Mr. and Mrs. A. O. Nelson and children were dinner guests Sunday in the home of Mr. and Mrs. John Selzer.

The Darnit club of Lindenhurst met last Wednesday in the home of Mrs. Thomas Hay. Three members were absent. Everyone else had a very nice time and enjoyed Mrs. Hay's very delectable refreshments.

Millburn

Mrs. Frank Edwards, Correspondent
Phone Eliot 6-3323

Regular services at Millburn Congregational church Dec. 8, include Sunday School at 9:30 a. m. and church services at 9:30 and 11. Baptismal services for John Charles, son of Mr. and Mrs. Charles Timmerman were held at the 11 o'clock service on Sunday morning. Sponsor was Mrs. George DeYoung.

Funeral services for Mrs. A. G. Hughes were held Monday morning at the Strang funeral home in Antioch, Rev. L. H. Messersmith officiating. Interment was made in Home Oak cemetery.

Rev. and Mrs. L. H. Messersmith and Mr. and Mrs. Theodore Engh of Wind Lake, Wis., were dinner guests of Mr. and Mrs. Richard Dussault of Wadsworth Sunday, the occasion being the wedding anniversary of Mr. and Mrs. Engh.

Members of the Millburn Ladies'

Aid Society and guests will meet at the church Thursday, Dec. 6. The business meeting will be called to order at 11 a. m. Report of the bazaar and annual reports will be given and election of officers will be held. There will be a pot luck lunch at noon. No dinner will be served to the public. Rolls, butter and beverage will be furnished.

The Study Group will meet at the church Thursday morning, Dec. 13, at 9 o'clock. Mrs. Ida Truax and Mrs. Frank Edwards will be hostesses.

Rev. and Mrs. L. H. Messersmith entertained at a buffet dinner Wednesday evening for Congregational ministers and their wives of Lake county in honor of Rev. and Mrs. Arthur Koch.

Mr. and Mrs. Eddie Hoffman with Mr. and Mrs. Peter Tilloch of Antioch attended a Folk Festival at Milwaukee Sunday.

Miss Kathleen Barkman, Home-making teacher of Antioch Township High School was a dinner guest of Mr. and Mrs. Kenneth Young Thursday evening.

Mr. and Mrs. Donald Des Remail of Chicago were Sunday dinner guests at the Clifford Weber home.

Mr. and Mrs. Louis Wiendorf returned to their home in Ann Arbor, Mich., after spending a week with their parents, Mr. and Mrs. A. Wiendorf.

Mrs. Harley Clark with Mr. and Mrs. Clayton Engh of Wadsworth spent Sunday evening at the James Bonner home in Kansasville, Wis.

Miss Lane, women's travel director, Shell Oil Company, lists these three ideas for frozen door locks:

On a warm day, fill an oil squirt can with a solution of carbon tetrachloride (95 per cent) and paraffin (5 per cent), and squirt it around the outside door push button.

Or, if there are no warm days in prospect, get some rubber chair leg tips from your local hardware

store and slip them over the ends of the push buttons. This usually keeps out rain and snow.

And, if all else fails, try heating your key over a match before putting it in the lock.

**The Man on the Spot - With You**

When you're on the spot with a claim lodged against you or your own property is damaged, that is when an **INDEPENDENT** Insurance Agent or Broker is most appreciated. No need to call a new man or a strange office because, being **INDEPENDENT** and not an "employee" of any one company, your agent or broker takes over for you. That's his business - from advice to sale to claim.
